functor

componentes

relacao(a,b,c,[1,2,3])

The diagram illustrates the components of the function `relacao(a,b,c,[1,2,3])`. A blue bracket labeled "functor" is positioned above the function name `relacao`. Above the argument list `(a,b,c,[1,2,3])`, the word "componentes" is written, with four arrows pointing down to each of the arguments: `a`, `b`, `c`, and `[1,2,3]`.
